

## Victuals

(From an idea by Larry Keith)

I'm ready to order, I'll have the:

Abandonedly aiolied Alsatian artichokes,  
Boldly brobdingnagian Belgian Brussels-sprouts,  
Crepitatingly crunchy Columbian cauliflower,  
Decorously dandelioned Djakartan duck,  
Egregiously evanescent English eclairs,  
Funerally funky French frois-grois,  
Gourmandingly grotesque Gallipolian Gouda,  
Hauntingly hinkty Hungarian hollandaise,  
Jadedly julienned Jaliscon jalapeños,  
Keenly kippered Katangan kohlrabi  
Ludicrously lagniapped Labradorean lutefisk,  
Morosely musky Mesopotamian melons,  
Notoriously nasty Nicaraguan nightshade,  
Obsessively obdurate Orinocon onions,  
Partially putrescent Peruvian pastas,  
Quotidianly quavering Quebecan quahogs,  
Ruinously roasted Rumanian ratatouille,  
Salaciously sautéed Spanish spinach,  
Tauntingly tainted Teutonic tarts,  
Ultimately ubiquitous Ugandan ungulates,  
Venerably vernal Venezuelan veal,  
Wholesomely warmed Wittenbergian whiskey,  
Xerophytically xanaduan Xinguan xanthan,  
Yodelessly yoked Yugoslavian yak,  
Zingiberaceously zesty Zanzabarian zucchini,

To go.
